# STUDY MBBS IN KAZAKHSTAN

**Majority is more for MBBS in Kazakhstan** for students who avail the standard of the same courses at the minimal rates and same standard. Medical studies are a dream of millions of students and gain a lot of weight in most of the countries across the globe. But unfortunately, those dreams remain as a dream for many hapless aspirants due to several issues and reasons. Main factor is lesser number of Government medical seats and high rate of competition on those seats. But if we talk about the Private colleges, the tuition fees is incredibly high which many can afford but sadly, bunch of students face difficulties in depositing the fees. Indian students specially confronts such problems either a financial

**Medical aspirants can study MBBS with less fees** in the world. Not only this, quality of education and amenities provided to the medical students is limited in India. To study MBBS abroad is not a priority for the Indian students but it happens to be a great option because the fee structure MCI approved universities is low and affordable.

“APPROXIMATE 10,000 INDIAN STUDENTS GET MBBS ADMISSION IN ABROAD EVERY YEAR. SINCE THE UPGRADED TEACHING METHODS ARE ENCOURAGING INDIAN STUDENTS TO STUDY ABROAD.”

# STUDY MBBS IN PHILIPPINES

**The medical course in Philippines is called the MD program** [Doctor of medicine]. The MD program is equivalent to MBBS of UK, India, Pakistan and other Commonwealth countries. This degree comprises of medical theory, practicals and clinical rotations giving a better exposure to the students. The degrees obtained from medical universities in Philippines are recognized by World Health Organization and Medical Council of India.

**Philippines is one of the countries known for providing a quality education** in medicine like MBBS, MD etc. The higher level of practical sessions and experienced teaching staff in Medical colleges of Philippines has gained significant popularity around the world. The infrastructure of the medical universities, the curriculum and atmosphere in the colleges of Philippines makes it a preferred location of education for international students. The cost of the complete MBBS course in Philippines is much lower as compared to other countries.

**The medical universities are approved by the Medical Council of India (MCI) and WHO.** The medium of teaching is English which breaks the major barrier of communication for international students. The calculations say that the students who have completed MBBS, MD courses from Philippines are known to have 100% success rate, in the region under USMLE.

# STUDY MBBS IN CHINA

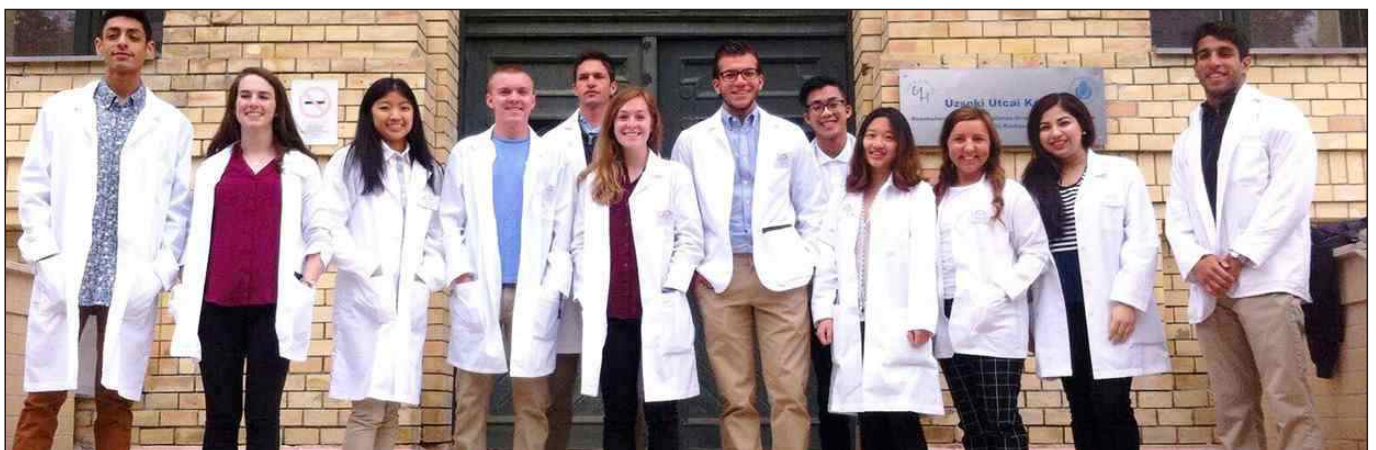

**Around 48 medical universities in China are recognized by the Medical Council of India (MCI).**

The students pursuing their MBBS from China are taught Mandarin from the very first year of the course which helps them to easily interact with the patients. The language of teaching is English. Some of the medical universities also offer internships.

**The Duration Of MBBS Course In China Is 5 Years With A Very Low Cost Including One Year Internship.**

**The Chinese Ministry of Education (MOE)** published the 'Interim Provisions for Quality Control Standards in Undergraduate Medical Education' in English for international students in 2007. This was done to guarantee a high-quality and standardized educational experience for international students. The following are the reasons why China is becoming a hot destination

- 1. There are 49 approved medical schools** which come directly under the supervision of the Chinese Government. All of them are listed in the World Health Organization (WHO)'s "Directory of World Medical Schools".
- 2. The graduates from these universities** are eligible to attend national medical screening tests such as MCI, PMDC, USMLE, PLAB, HPCSA, SCHS, etc.
- 3. The cost of the complete course** of MBBS in China is quite affordable as compared to U.S., Korea, Japan and other European countries.
- 4. China has Top Medical Universities** which offer world class education with high quality standards and well experienced staff.
- 5. Students get ample opportunities** in their field after completing their MBBS in China.
- 6. The MBBS degree and other medical degrees** obtained from a Chinese University are recognized.

## MBBS in CHINA Advantages(ShikshVidesh Overseas):

**Affordable fees** structure and living. Fees start from almost Rs. 2.5 Lakhs for most universities.

**About 48 universities** in China are on the list of Medical Council of India.

**A global degree** with worldwide acceptance.

**MCI and WHO** accredited courses. They are recognized by MOE (China Ministry of Education).

**Mandarin taught from the first year of the degree**, preparing the students and future doctors the language to be able to interact with patients during their internships and clinical rotations.

**The MBBS** in China courses taught are in English.

**Well-equipped** hospitals associated with universities where there is practical approach right from the beginning.

**Brilliant Hostels** available with the excellent secure infrastructure with Separate hostels for International Students.

**International exposure** is provided as there are many nationalities mingling with each other than just Chinese or Indians.

**A few universities also provide scholarships** for early applications.
